

Perspectives from practitioners!

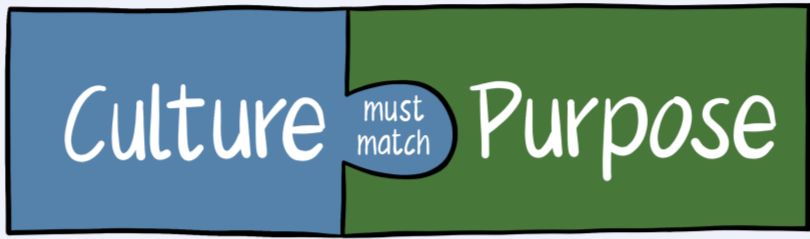

It's nice to be part of this "clan"

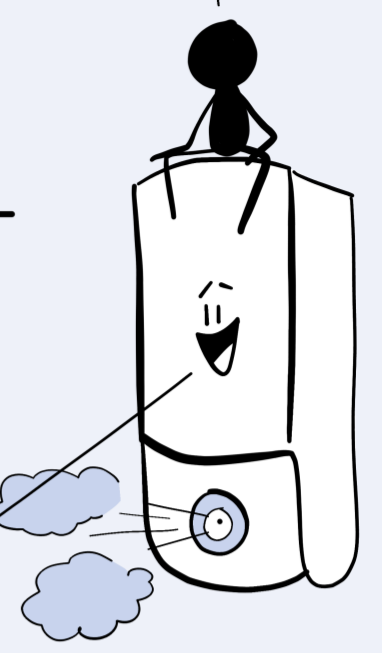

Panel Discussion:

Culture in the Auditing sector

WE KNOW HOW TO BUILD GREAT LIKE-MINDED TEAMS

Do you like the smell of our place?

Junior staff comes up with great ideas: AI-tools can do the boring work!

EVERYONE CAN INSPIRE CULTURE

Speak-up your mind

give good examples (in your behavior)

You're not alone! You're team will have your back!

HAVE A GROWTH MINDSET!

He will be our HARE in this MARATHON... ..towards BUILDING our IDEAL CULTURE!

If we provide psychological safety & we reconceptualize "audit"... ..will you solve our staffing shortage?

I've got stamina!

LET'S MAKE CONNECTIONS!

you need to make an effort, but we sometimes lack time & motivation to go for the long run...

other resources

Culture eats Strategy for breakfast?

Pressure from society drives change in our sector

We're shifting from hierarchy to learning together

Become a Learning Force

Culture is so much more than "related to audit quality"

Ethics is not about "problem-solving" alone, you need to "think" & "feel" it through! It's dealing with dilemmas!

Serving the Public Interest does not always have to clash with Client Satisfaction we can be in the same team!
