

Dear participant,

We are looking forward to welcoming you soon at Nyenrode Business University for your participation in one of our programs. We would like to tell you more about Nyenrode and our facilities, to help you prepare for your stay at our estate.

Nyenrode, the oldest private university in the Netherlands has two locations: one in Breukelen and one in Amsterdam. Nyenrode Amsterdam is located in building 'De Vijf Keizers' (The Five Emperors), right in the historic heart of the city. Nyenrode Breukelen is located on a beautiful, wooded estate measuring close to sixty acres.

The history of our location in Breukelen goes back to the thirteenth century, when the first stone of Nyenrode Castle was laid. In 1946, the forerunner of the university was established here. The estate counts 27 monuments.

Through our core values Leadership, Entrepreneurship and Stewardship we distinguish ourselves by looking at the education of students, managers and professionals as a societal task. At Nyenrode, they will develop the skills necessary to become global citizens and leaders in society. Taking responsibility for their actions and being aware of their surroundings. At both our locations, in the heart of Amsterdam and at the estate in Breukelen, the emphasis lies on small-scale education with plenty of personal attention.

SPORTS FACILITIES

During your stay at Nyenrode you are welcome to make use of our various sports facilities.

Gym

You can find the gym in the sports hall. Check the availability, since exams are administered in the sports hall as well. The information display shows the availability. When an exam is scheduled, the gym is not open for use. Your room entry card gives you access to the gym.

Tennis Court

During the summer months you are able to use the tennis court. At the reception you can borrow a tennis racket and buy tennis balls.

Running Route

For runners, a route across the estate has been mapped out. The route is about two kilometers long and is marked with rust-colored signage displaying a run logo cut-out. You can start at any point on the route. The route passes: castle, rosarium (rosary), Lindelaan, around the large pond, through the back path to the Beukenlaan, right past the Campus Hotel and the main building and back to the castle. Of course this is a great route for a stroll as well.

GOOD AND HEALTHY FOOD

At Nyenrode, pure pleasure and optimal performance go hand in hand. Good and healthy food is an important ingredient of this successful recipe. With room for a snack - because that too is part of enjoyment - and without losing sight of comfort and hospitality.

We strive to make a sustainable contribution to our environment. This includes finding the best local and seasonal ingredients and wasting as little food as possible. It also includes opting for a 70% plant-based composition of our breaks, lunches and dinners. In short, a qualitative and well thought-out offer of food and drinks, for the different breaks during your stay. Qualitative because it matches Nyenrode's core values, well thought-out because with the right approach and nutrition we support our guests in the top performance they deliver on a daily basis.

Dietary requirements

Of course we are happy to take into account diet wishes and allergies. Please communicate your wishes to our program management no later than two business days before the program kicks off.

Espresso Bar

To relax or recharge during program breaks, please visit our espresso bar in the Neelie Kroes Hall. This is where the barista prepares luxurious coffees and teas for you. During the day, we offer various refreshments such as fresh juices, soft drinks and breakfast and lunch dishes. And of course we offer tasty snacks.

The espresso bar is open from Monday through Friday, 8.00 AM - 4.00 PM, and on Saturdays from 8.00 AM to 1.30 PM.

SMOKING POLICY

Since August 1, 2020, a nationwide smoking ban at educational institutions has been installed. Smoking is only allowed at the marked areas on the parking areas. This is how we contribute together to a healthy living environment on our campus.
